FOREWORD

Micro Small and Medium Enterprises Development Institute, Cuttack , a field office of Micro Small and Medium Enterprises Development Organisation, Ministry of Micro, Small and Medium Enterprises, Government of India, plays an important role for the promotion and development of micro, small and medium enterprises in the state of Odisha. This Institute provides techno-economic and managerial services in the field of economics, statistics, glass & ceramics, mechanical, electrical & electronics, chemical & food, leather & hosiery to the micro, small and medium enterprises to improve their productivity and quality of product, promoting marketing and export including training facilities to the educated unemployed youths & in guiding them in setting up of new enterprises.

Every year this Institute conducts different programmes in dispersed locations in the state to fulfill the need of prospective entrepreneurs to enable them to set up enterprises and also to keep the existing units functioning in an effective manner. Micro and Small scale units are small in terms of investment, production but play vital role in country's economy by providing large-scale employment. The MSME sector contributes a significant percentage of industrial production as well as in earning foreign exchange for the country by exporting various products manufactured in this sector.

Keeping in mind the overall growth of this vital sector of the economy, this Institute conducted various programmes starting from motivating the educated unemployed youths to providing the training and handholding support to become self-employed by starting some enterprise, and in providing support to the existing units to continue to function in an up to date manner. This Institute has tried its level best to cover the nook and corner of the state by conducting different programmes for the educated unemployed youths with special emphasis to cover more number of beneficiaries from weaker sections. In this connection, this Institute has organized 104 One Day Industrial Motivational Campaigns(IMCs), 31 Entrepreneurship Development Programmes(EDPs), 113 Entrepreneurship-cum-Skill Development Programmes(ESDPs), 16 Skill Development Programmes(SDPs) in all the three workshops attached to this Institute and Br. MSMEDIs, Rourkela and Rayagada and 24 Management Development Programmes(MDPs) under Action Plan and Special Programmes on Technology Upgradation TEQUP(2 Nos.), Sensitization Programme on Intellectual Property Rights(IPRs(1 No.)), Two Days Workshop on IPRs(1 No.), Seminar on Bar-Code(15 Nos.) under NMCP Schemes & One Day Training Programme on Packaging for Export (1 No.) etc for the benefit of existing and prospective entrepreneurs of the state.

There is a growing importance of this sector as it works as ancillary to various large industries by fulfilling the requirement and also to economise the product cost. Keeping this in mind, this Institute has also organized two National Level Vendor Development Programme-cum-Industrial Exhibition at Cuttack and Balasore and 15 State Level Vendor

Development Programmes including Business to Business (B2B) Meets and One-to-One Interaction Meets at different locations for the benefit of the MSME sector in the state.

This Institute has also prepared technical reports to disseminate information among the MSME entrepreneurs to get acquainted with the latest technology available and suitable for controlling waste and conserving energy. This Institute has undertaken Brief District Industrial Potentiality Survey Profiles of all thirty districts of the state by incorporating therein relevant information which would enable the entrepreneurs to select a product for setting up of such industries in the state. Common Facility Centres have been functioning to render value based services to the MSME entrepreneurs either in job work or in providing technical assistance and product development work. This Institute has also worked for rehabilitation of sick MSME units. In the present context of more emphasis on development of industries through cluster approach work, this Institute co-ordinated the development and progress of the Innovative Cashew Cluster at Brahmagiri and the Spices Cluster of Cuttack.

This Institute has undertaken concerted efforts for promotion of flagship schemes including NMCP schemes such as Bar Code, ISO 9000, TEQUP, Marketing Assistance & Technology Upgradation (MATU), Business Incubator etc., In this regard, various awareness programmes have been organized for scheme promotion at different locations of the state for the benefit of MSME sector.

This Institute with a team of dedicated manpower is working with commitment and providing time bound and continually improving techno-economic managerial services and training facilities as a policy decision of Development Commissioner (MSME), Ministry of MSME, Government of India, New Delhi to enhance the satisfaction of existing and prospective entrepreneurs with an objective to accelerate the promotion and development of MSME sector to compete globally and to ensure self-employment in this state. The significant features of this Institute is that a large number of prospective and existing entrepreneurs have shown their keen interest for the reports as well as project profiles (updated and new) prepared by the officers of this Institute.

I am pleased to record my appreciation for Dr. U.Sarangi, Asst. Director (E.I) of this Institute for his concerted effort to bring out this Annual Report 2012-13 incorporating various activities and functions of this Institute on different aspects in a systematic way. I am sure, entrepreneurs, professionals attached to promotional agencies, financial and other training Institutes would certainly get the desired information from this report.

CHAPTER – II

ACTION PLAN ACTIVITIES OF MSMEDI, CUTTACK DURING THE YEAR 2012- 2013 DETAILED REPORT

1) Odisha State Industrial Profile

Odisha State Industrial Profile was prepared/ updated once in a year up to 2003-04. As per the guidelines of O/o DC (MSME), New Delhi this report is being prepared/updated in every alternative year from 2005-2006. The last issue of Odisha State Industrial Profile was updated under Action Plan 2011-12. This next issue is to be brought out during 2013-2014 for the benefit of the MSME entrepreneurs. The report works like a manual to the entrepreneurs, promotional agencies, financial institutions including banks, academic institutions and researchers as a stock of information/data on various aspects like availability of natural resources, raw materials, human resources, financial assistance, technical services including infrastructure facilities and scope of setting up new industries, role of promotional agencies and incentives given and schemes operated, growth of MSMEs, its pattern and other relevant information of the state are systematically incorporated in the report. The broad objective of preparation of this report is

- i) To analyze the availability of human and material resources in the state
- ii) To assess the infrastructural facilities available to plan for industrial development
- iii) To evaluate the progress of industrialization achieved so far in the state depending upon the available resources and infrastructure.
- iv) To explore the scope of setting up of units in the MSME Sector.
- v) Role of promotional agencies and Financial Institutions in promoting MSMEs.
- vi) Schemes and incentives given for promotion and development of MSMEs.

2) Brief District Industrial Potentiality Survey Profiles

As per the instructions issued by O/o DC(MSME), New Delhi vide its letter F.No.64(50)/2012-MSME-DI; dated : 16.05.2012, the MSMEDIs are to prepare Brief District Industrial Potentiality Survey Profiles of all the thirty districts of the state with a focus on the following aspects viz; physical and geographical features, availability of natural, human resources and the present status of industrial development as well as availability of infrastructural facilities for further industrial development in the district & scope of new industries. The Brief Industrial Potentiality Survey work is undertaken with the following objectives.

- To explore the natural and human resources and skill.

- To assess the available infrastructure for industrial development.
- To evaluate the existing industrial activities of the district, utilizing the resources and also catering to the local demand.
- To identify some of the viable projects in MSME sector which can come up in the district in the ensuing years based upon the locally available surplus resources and the demand factor.

This report is very much useful for both existing and prospective entrepreneurs and the organizations dealing in promotion and development of MSME Sector, financial institutions, academic and research institutes.

As the State of Odisha is having 30 districts at present, all the 30 districts have been covered during the year 2012-13 as per the guidelines issued by DC (MSME), New Delhi to prepare the brief district industrial potentiality survey profiles. However, while selecting the districts for Potentiality Survey, the backwardness of districts as well as the year of previous survey has been taken into account for the year 2007-2008 to 2011-2012. The Table below reflects the districts covered for potential survey during last five years.

3) Preparation of Project Profiles

The core competency of MSME Development Institute, Cuttack is preparation of project profiles for the prospective entrepreneurs as well as the PMEGP target groups. This Institute explored all possibilities and put concerted efforts for meeting the demand of PMEGP beneficiaries by providing various assistance in preparation of project profiles on continuous basis. The Project Profiles work like a preliminary guide to the entrepreneurs to go ahead in the process of setting up an unit.

The technical officers of this Institute as well as Branch Institutes have prepared the project profiles as per the guidelines & instructions of DC(MSME), New Delhi under the Action Plan 2012-13. Some of the project profiles have also been prepared as per the local demand. Under Ancillary Development, the technical officers of different divisions have also prepared the project profiles as per the potentiality and need.

In the year 2012-13, this Institute has prepared a total no. of 24 project profiles which includes 10 new and 14 updated under its Annual Action Plan.

Besides, 921 project profiles on new items, updated project profiles were prepared including existing project profiles as per the local demand during the year 2012-13. The details of the project profiles prepared during the year 2012-13 are given in the table below.

5) Entrepreneurship Development Programme(EDPs)

Micro, Small and Medium Enterprises Development Institute, Cuttack along with its branches at Rayagada & Rourkela have conducted 31 Entrepreneurship Development Programmes (EDPs) for the benefit of the educated unemployed youths. These programmes were spread out in both urban and rural areas including the backward and KBK region of the state to extend the benefit to the educated unemployed youth for self-employment. Besides, this Institute has conducted some Specialized EDPs for women and other weaker sections of the Society.

The objectives of conducting such EDPs are to promote entrepreneurship among various target group of society by imparting practical training & demonstration to develop skill, management ability as well as to get acquainted with the latest information on the item and procedures related to setting up of MSME units to enable them to become self-employed and create employment opportunities for others.

a) Entrepreneurship Development Programmes(EDPs) for Weaker Sections

31 EDPs were conducted out of which 28 EDPs were specially designed for the weaker sections and women and the remaining three were organized for the educated unemployed youths. In these EDPs, the procedure for setting up of enterprises were taught in detail to the trainees by the experts drawn from different promotional agencies, bankers etc. of the state. An amount of Rs.19,150 /- was collected as course fees from the participants.

6) Entrepreneurship-cum-Skill Development Programmes(ESDPs)

Micro, Small and Medium Enterprises Development Institute, Cuttack along with its branches at Rayagada & Rourkela have conducted 113 Entrepreneurship-cum-Skill Development Programmes (ESDPs) for the benefit of the educated unemployed youths. These programmes were spread out in both urban and rural areas including the backward and KBK region of the state. Besides, this Institute has conducted some Specialized ESDPs for women and other weaker sections of the Society.

The objectives of conducting such ESDPs are to promote entrepreneurship-cum-skill among various target groups of society by imparting practical training & demonstration to develop skill, management ability as well as to get acquainted with the latest information on the item and procedures related to setting up of MSME units to enable them to become self-employed and create employment opportunities for others. The details of the ESDPs conducted are given below :

90 Participants out of which 72 Participants from different Pharma units participated in the Workshop The inauguration of the said workshop was held on 22-09-12 at 10.00 A.M.

Dt- 22-09-2012

Inaugural session

The inauguration of the said workshop was held on 22-09-12 at 10.00 A.M.

At the outset, Sri B.B. Panigrahi, Asst. Director (E.I.) MSMEDI, Cuttack welcomed all the Guests, participants, print and electronics media and distinguished resources persons to this workshop and Sri Alok Ray, Director, MSMEDI, Cuttack inaugurated the programme as Chief Guest briefed the house about the aim and objective of the programme in detail.

Sri Alok Ray, Director, MSMEDI, Cuttack in his inaugural address told that with the globalization of the Indian economy, the small enterprises in India have unprecedented opportunities on the one hand, and face serious challenges, on the other. Government of India is fully aware of the challenges of □lobalization and has taken appropriate measures for preparing the Micro & Small Enterprises (MSEs) to meet the challenges of globalization. Taking a view of the whole situation, the Government has put in place several measures to help small enterprises to become globally competitive. These include schemes /programmes for technology upgradation, development of clusters of such industries, making collateral free bank credit, creating awareness among these industries regarding export-related issues, etc. Ministry of Micro, Small & Medium Enterprises (MSME) also conducting workshops on various aspects of WTO, Anti-dumping seminars, IPR, etc. to sensitize the MSMEs entrepreneurs and other stakeholders about the likely impact of globalization.

Mrs. (Dr.) Indira Banarjee, M/s L.S. Davar & Co., Kolkata in her speech told that in a knowledge driven economy, competitiveness of any enterprises depends solely on ability to

provide high-value-added products at a competitive price. Globalization and trade liberalization has made enterprises, including SMEs, to become internationally competitive even when operating wholly in the domestic market. SMEs need a coherent business strategy to constantly improve their efficiency, reduce production costs and enhance the reputation of their products by investing in research and development, acquiring new technology, improving management practices, developing creativity and appealing designs etc. IPR enables an individual, enterprise or institution to obtain exclusive rights over their intangible asset i.e. “Public Good”, high costs of R&D, incentive to invest in research and to seek commercialization.

Sri Ashok Kumar Patnaik, President, UPMA in his speech told that Indian pharma industry is already on an emerging position in terms of production as its position in the world level is 4th India is having highest USFDA approved plant (75 plants in 2008) for production after USA. The cost of production is very less in India, but still there is a need for improvement. In India, the quality of domestic formulation is on a lower side than that of the export formulation.. He advised the entrepreneur to improve the knowledge on IPR. The inaugural session of the programme was ended with a vote of thanks proposed by Sri R.P. Patnaik, Asst. Director (E.I.), MSMEDI, Cuttack and coordinator of the Programme.

23) Ancillary Development Activities/Organization of National Level Vendor Development Programme-cum-Industrial Exhibition and Marketing Support

In the State of Odisha there are good number of public sector undertakings and medium & large scale industries functioning which has created the scope for the promotion of Ancillary and down stream Industries in the state. So these industries need regular attention for their survival by fulfilling the requirement of mother plants. In an endeavour to promote ancillarisation this Institute had organized some programmes and extended collaboration/co-operation dispatched by others, rendered consultancy and assistance to ancillary units for Quality improvement and diversification. This Institute also provided marketing support to assist the SMEs for registration with PSUs/Defence/Railways as vendors. The briefs of the ancillary development activities of this Institute during 2012-13 are as follows-

Brief of the of National Level Vendor Development Programme-cum-Industrial Exhibition coined as Enterprise Odisha 2012 held at Baliyatra Ground Cuttack from 6th to 8th November, 2012

Inaugural Function

MSME Development Institute, Ministry of MSME, Government of India, Cuttack in association with MSME Department, Government of Odisha, Central Tool Room and Training Center, Bhubaneswar and Orissa Industries Association, Jagatpur, Cuttack has organized a 3 days long National Level Industrial Exhibition-cum-Trade Fair entitled as “ENTERPRISE ODISHA-2012” held at Baliyatra Ground (Killa Maidan), Cuttack from 6th to 8th November, 2012. A total number of 24 PSUs/ Large Scale industries/ Government organizations and 123 Micro, Small & Medium Enterprises participated in the mega event by putting their stalls.

The three-day long programme was inaugurated by Sri Niranjan Pujari, Hon'ble Minister of Industry and Excise, Government of Odisha by lighting the ceremonial lamp. In his inaugural address he told that the State is endowed with vast mineral deposits like coal, iron-ore, manganese-ore, bauxite, chromite, etc. According to All India Mineral Resources Estimates, the mineral deposits of Odisha in respect of chromite, nickel, cobalt, bauxite, iron-ore were about 98.4%, 95.1%, 77.5%, 52.7% and 33.4% respectively of the total deposits of India. Other important mineral resources of the State are limestone, china clay, quartz, precious and semi-precious stones, copper, vanadium, etc. Despite huge mineral and water resources available in the state the people of the state are still economically lagging behind. He informed that 86% people are living in rural areas. But the Economy has been undergoing a structural change, with the service sector becoming more and more pronounced. In 2009-10, the service sector accounted for about 54 percent of the Gross State Domestic Product (GSDP) followed by Manufacturing Sector (28%). The growth in the agriculture sector

continues to be highly volatile mainly due to adverse impacts of natural calamities such as cyclones, droughts and floods. He also told that Government of Odisha is providing land, water, raw material and other infrastructural facilities for setting up of mother plants as per the MOUs signed with them, but these mother plants are not providing whole hearted support for ancillary development of MSMEs as promised by them, as a result of which the MSMEs of the state are lagging behind in comparison to states like Punjab, Karnatak, Maharastra, Andhra Pradesh etc. In order to have a integration between Mother plants, MSME Units and Financial organization, I propose to organize a Seminar/common platform in the month of December/January involving the stake holders, so that fruitful discussions would be held to arrive at a conclusion. He also told that support should be spontaneously emanated from the large and public sector undertaking towards MSMEs as they co-exist. There is also a need of entrepreneurship to explore the opportunities provided by both Central and State Government. Zero inventory control is the goal of just-in-time inventory management which can reduce the cost of products by adopting new technology, methodology, machinery etc, which is the need of the hour.

Sri Debasis Samantary, Hon'ble MLA, Cuttack Barabati attending the programme as Guest of Honour told that the State is rich in natural resources - minerals, marine, forest and agricultural land, with 480 Kms. long coast line along the Bay of Bengal. Odisha has a substantial industrial base, comprising of a number of large, medium and small-scale enterprises in Steel, Aluminium, Chrome, Power, Textile, Handicraft and a host of other sectors. Abundance of skilled and semi-skilled manpower at competitive rate in an environment of peaceful industrial relation and positive work culture offer favorable opportunities for industrial development. But still our MSME sectors are lagging behind. They could not repay their loan in time due to lack of marketing support and shortage of capital etc. He requested Hon'ble Industry Minister, Government of Odisha to convene a meeting to review the ancillary policies of major industries functioning in the state including PSUs so that we can access their contribution to MSME sector.

Sri T. Ramachandru, IAS, CMD, IDCOL, Bhubaneswar in his presidential address asked the representative of Large Industries and PSUs about their existence without support of MSMEs in the state to which the answer came was No. So, he emphasized on importance of co-existence of Large Industries with MSMEs. He described about the inferiority psychological behavior of entrepreneurs of the state. He advised all the entrepreneurs to fight with all the concerned officials until the work is done. He extended his thanks to Hon'ble Minister for promising to convene a meeting to have integration between large industries and MSMEs and further requested the Hon'ble Minister to hold similar type of meeting with the Bankers and financial Institutions to review their assistance to the MSME sector of this state. He also urged the bankers present in the programme to change their attitude and extend their helping hand for the development of this sector in the state. He emphasized on

utilization of mineral resources in a planned manner as these resources are scarce and will be exhausted in near future. He also advised the entrepreneurs to avail the benefit of the schemes launched by both central and state government. He also told that each sq. km of the state is full of resources and urged to the budding entrepreneurs of this state to take advantage of it.

Sri M. Vijaywargia, Executive Director, IOCL Paradeep in his address assured the President of Orissa Industries Association, Cuttack to procure 20% of their products from MSEs of the state by the ongoing project of IOCL at Paradip. He narrated about the efforts taken by IOCL on protecting the green environment in and around the project.

The SPM offshore installation mechanically completed. Commissioning will be undertaken during March 2013. The proposed facilities would enhance crude handling capacity at Paradip port. Refined petroleum products such as high speed diesel, jet fuel, SKO, light petroleum gas, gasoline, bitumen, heavy fuel oil & naphtha, petrochemical products such as LAB, Px/PTA, polymers– Lubricants and greases are to be produced by IOCL, Paradip.

Sri Abani Kanungo, President, Orissa Industries Association, Jagatpur in his address told that MSMEs are the engine for economic development of a country. Off late Government of India has introduced a policy of procurement from Micro Small and Enterprises. Large Scale Industries and Public Sector Undertakings shall set an annual goal of procurement from Micro and Small Enterprises from the financial year 2012-13 and onwards, with the objective of achieving an overall procurement of minimum of 20 per cent, of total annual purchases of products produced and services rendered by Micro and Small Enterprises in a period of three years. It would certainly help the MSE entrepreneurs on marketing their products. Major Industries may be discouraged to purchase products from outside the state. He also told that this is the age of internet. He urged the Government and promotional agencies working for the development of MSMEs in the state to update their website regularly putting information on employment generation, modern technology, different schemes launched both by central and state governments, technical know how etc, so that the budding entrepreneurs could grab the opportunities. He also told that over the years India, has developed a strong capability in producing quality branded and generic medicines in most of the therapeutic categories. However, these medicines are reasonably priced, as compared to the prices of their equivalent medicines in most other countries, yet a large population of poor people in the country, find it difficult to afford the more expensive branded category of medicines. In order to ensure availability of quality medicines at affordable prices to all Government of India launched Jana Aushadhi scheme. In odisha some of the units are producing pharmaceutical products which have widely been used in domestic as well as national market. The capabilities of these industries may be taken into consideration while procuring Jana ausadhi medicine.

At the outset Sri Alok Ray, Director, MSMEDI, Cuttack welcomed all the dignitaries in the dias, audience, MSME Entrepreneurs, Senior executive, Press and briefed about the aim and objective of the programme. He also hoped that there will be a good deliberation between the PSUs/ Large Industries and MSMEs during these three days and business tie will be made after interaction with each other.

At the end Sri S. Maity, General Manager, CTTC, Bhubaneswar proposed vote of thanks.

Valedictory Function

MSME Development Institute, Ministry of MSME, Government of India, Cuttack in association with MSME Department, Government of Odisha, Central Tool Room and Training Center, Bhubaneswar and Orissa Industries Association, Jagatpur, Cuttack organized a 3 days long National Level Industrial Exhibition-cum-Trade Fair entitled as “ENTERPRISE ODISHA-2012” held at Baliyatra Ground (Killa Maidan), Cuttack from 6th to 8th November, 2012. A total number of 24 PSUs/ Large Scale industries/ Government organizations and 123 Micro, Small & Medium Enterprises actively participated in the mega event by putting their stalls. The Valedictory function of the said mega event was held on 8th November, 2012 at 7.00 PM.

Sri Nikunja K. Sundaray, IAS, Principal Secretary to Government, MSME Department, Government of Odisha attended the closing ceremony as Chief Guest. MSME Department, Government of Odisha is going to submit a proposal to government for formulation of a policy for procurement of MSE Products @ 20% in terms of quantity and value of the annual target/requirement of all Large Scale Units/PSUs. He invited views of the leading industries associations, large scale units, public sectors and MSMEs for incorporation in the draft proposal. The mega event was a grand success due to our coordinated efforts.

Sri Praveen Gupta, Chief General Manager, State Bank of India, Odisha Circle, Bhubaneswar attended the closing ceremony as Guest of Honour and told that development of small-scale and cottage industries has remained an integral part of India's strategy for industrialization. State Bank of India plays a catalytic role in establishment of MSMEs and also encouraging existing industries, launch more liberal schemes to finance small industries in collaboration with state-level institutions. It took a lead to operationalise the CGTMSE scheme by waiving out the guarantee fees and annual service charges from the customer up to Rs.1.00 Crore. He told that MSME sector can ensure the inclusive growth of the country.

Sri J.C. Patra, General Manager, Ancillary, MCL, Sambalpur in his address requested the MSME Department, Government of Odisha to review the implementation of procurement policy formulated by Government of India at par with the ancillary policies of the PSUs/Mother Plants functioning in the state.

At the outset Sri Abani Kanungo, President, Orissa Industries Association, Jagatpur in his welcome address told that Large Scale Industries and Public Sector Enterprise should extend their motherly support to SME units of the state by procuring 20% of purchase from the MSE sector. In this context he requested the Principal Secretary to Government, MSME Department to extend their institutional support through a strong policy mechanism for implementation of the scheme

Sri Alok Ray, Director, MSMEDI, Cuttack summed up in nutshell the proceeding of the events organized during these three days long programme. He also announced that next such kind of event will be organized at Balasore by this Institute during December, 2012.

In the end Sri G.V.R. Naidu, Asst. Director (Elect.) and coordinator of the programme proposed vote of thanks.

The highlight of the event was display of Technical Brochure by business incubatee from NIST, Berhampur and KIIT-TBI, Bhubaneswar.

29) National Awards to MSMEs – 2011 & Complements to Entrepreneurs for their Achievements and Glory to Odisha

Like every year, this year also this Institute coordinated 4 different categories of National Award to MSMEs, 2011 (i) Outstanding Entrepreneurship in MSMEs, (ii) Quality Products in MSEs, (iii) R & D Efforts in MSME Sector and (iv) Innovative Efforts in Process/Products. In this connection, correspondence had been made by this office to all GM, DICs (31 nos), all leading industries associations(16 nos) and to about 82 eligible MSME units of the state to apply for such awards. Apart from this, wide publicity has been given in different print and electronic media of the state to encourage and motivate the eligible MSME units to apply for four categories of awards. Two Awards (one for 3rd Prize for MSEs for Outstanding Efforts in Services) and (another for 3rd Prize for MSMEs for Outstanding Efforts in Manufacturing) were awarded to the entrepreneurs of Odisha for the year 2011. These entrepreneurs not only brought glory to the state of Odisha but would also be inspiring examples for the SMEs of the state. The details are reflected in the table below :

National Awards 2011**Table 24**

Sl.No.	Name of the Award	Name of the Unit received the Award
1.	3 rd Prize for Outstanding Efforts for MSEs in Services	M/s. Soft Ed, Cuttack
2.	3 rd Prize for Outstanding Efforts in Entrepreneurship for MSMEs in Manufacturing	M/s. Galaxy Medicare , Bhubaneswar

30) Submission of Monthly Progress Report

As a part of the Action Plan activities, this office is entrusted with the task of sending the MPRs to O/o DC (MSME), New Delhi by stipulated date every month. During the year 2012-13, this Institute has dispatched all the MPRs (12 nos.) within the stipulated date for information of the Headquarters office.

31) All India Status Report and Technology Study Reports

This office has been assigned by O/o DC (MSME), New Delhi to prepare status reports and technology study reports of various segment of industries. These reports give the detailed picture on the functioning of the particular industry in the state. During the year, this Institute has prepared the following status reports & technology study reports under Action Plan 2012-13:

I. All India Status Reports

1. Servo Voltage Stabilizers
2. Power & Distribution Transformers

II. Technology Study Reports

1. Water Pump
2. Jig Bush Manufacturing Industries
3. Comprehensive Report on Medicinal & Aromatic Plants suitable for Cultivation & Processing in Odisha.

32) Assistance to weaker Section of the Society through different programmes

As per the policy decision of the Government of India for the upliftment of the weaker section of the society, this Institute has paid adequate attention in encouraging them to undertake activities in the small scale sector through different training and other programmes organized during the year 2012-13. The weaker section comprises women, scheduled caste, scheduled tribe and physically handicapped members including Minority Communities. The

training programmes were organized with the objective to provide them techno-economic and managerial inputs besides practical training to develop the skills in setting up of their ventures.

A total no. of 3485 candidates among the weaker sections were trained in EDPs, ESDPs, MDPs & Skill Development Courses out of which 959 women, 1292 SC, 1728 ST, 1 PH and 12 Minorities. Besides, the officers of this Institute rendered technical assistance to existing and prospective entrepreneurs at their unit premises and at this office.

Table- 25

Assistance to Weaker section of the society through different programmes during 2012-13

Sl. No.	Name of the programme	Candidates assisted/ trained						
		SC	ST	PH	Women	Minority	Gen	Total
1.	EDP (31)	244	351	-	227	-	52	647
2.	ESDP(113)	848	1309	-	524	12	122	2297
3.	MDP (24)	192	64	1	208	-	241	499
4.	SDP (16 courses)	8	4	-	-	-	30	42
Total		1292	1728	1	959	12	445	3485

It may be mentioned here that in an Industrial backward state like Odisha, there is not much encouraging response to different programmes conducted by this Institute in general. The weaker sections of the society are again lagging behind in these activities. However, this Institute is trying its level best to accommodate more candidates from weaker section as per the criteria fixed by the Government.

Officers of this Institute attended different Task Force Meetings of DICs in connection with PMEGP schemes and given emphasis for the preference of weaker section of the society for getting benefits under the scheme.

33) MSMEDO Officers Training

CHAPTER – IV

REVIVAL OF SICK MSME UNITS

42) Revival of Sick MSME Units

The MSME units are facing a rough weather in the state due to growing sickness in the sector. There are many inter related factors both externally and internally making the units sick. From January 1981, the Govt. of Odisha formulated the policy to grant assistance to sick small-scale units as an important part of the Industrial Policy. Through various IPRs (selected), including IPR – 2007, Government of Odisha has also taken note of extending revival assistance to sick MSME units. These are known as IPR benefits to sick MSME units like sales tax exemption both on purchase of raw materials & sale of finished goods, octroi exemption, exemption of electricity duty & other statutory duties like state investment subsidy, soft loan, sales tax loan etc. The financial institutions are also making some sacrifice by relaxing outstanding dues, waiving interest etc. From the central government side assistance like MMA, NEF,SLA through the state Govt. are also given. The workshop of this office located at Khapuria have been extending the service to many units in the process of their revival by doing job work, developing products.

43) Role of MSME Development Institute, Cuttack in Revival of Sick MSME Units

At present there is a three-tier system to discuss and finalise the cases for revitalization of sick MSME units. These are as follows:

- i) District Level Committee (DLC)**
- ii) Sub-committee of the State Level Inter Institutional Committee (Sub-SLIIC)**
- iii) The State-Level Inter Institutional Committee (SLIIC)**

The District Level Committee has been entrusted with the task of receiving applications from the MSME units claiming to have gone sick. It examines the cases on a prima facie basis after undertaking quick studies at grass root level and recommends to the Sub-Committee of SLIIC for revival. The DLC is constituted under the Chairmanship of GM, DIC and other members of the committee are Branch Manager, OSFC – Branch Manager of concerned bank and representative from other organizations.

At the Sub-Committee of SLIIC Level the MSME Development Institute, Cuttack is the member convener of the sub-committee. The sub-committee of the SLIIC constitutes the core committee of the system and has been entrusted with the vital function of examining the cases referred by the DLC with professional expertise. The sub-committee is constituted with the membership of the Managing Director, OSIC, Director, EPM, Deputy Chief Officer, RPCD of Reserve Bank of India and the representatives of financing banks under the Chairmanship of Director of Industries, Government of Odisha and Director, MSME Development Institute, Cuttack as Member-convener. MSME Development Institute, Cuttack receives the applications and the report after duly scrutinized by the District Level Committee, undertakes appraisals for determining the suitability of the cases as per norms, co-ordinates the action of the members for further appraisal and devising package of assistance for the revival of the units as per norms. The MSME Development Institute, Cuttack prepares Desk Study Report on each of the eligible cases embodying the quintessence of information and decisions in respect of the unit and pilot the deliberations for each case and recommends to the State Level Inter Institutional Committee for approval for giving various assistances for revival.

The State Level Inter Institutional Committee (SLIIC) is the apex body to deal with matters of sickness and flow of credit to MSME sector and related matters. The sick unit cases recommended by the Sub-Committee are finally approved by SLIIC and it also formulate/changes policies with regard to the revival of sick MSMEs. Secretary InCharge of Industries, Government of Odisha is the Chairman of the Committee and RBI State Office is the convener.

As a member of the committee and member convener of the Sub-committee, the MSME Development Institute, Cuttack feeds information while decisions are taken in respect of cases as well as participate in the deliberations in taking decision by the Committee. During 2012-13, this Institute conducted Sub-SLIIC Meetings on 12-2-13(82nd Sub-SLIIC), 3-10-12 (81st Sub-SLIIC) and 18-5-12(80th Sub-SLIIC) for revival of sick MSMEs. Three SLIIC Meetings were organized by RBI, Bhubaneswar which were co-ordinated by this Institute.

Relief and Concessions extended

The following reliefs, concessions and facilities are generally extended to potentially viable sick MSEs under rehabilitation. (1) Sanction of margin money assistance to sick MSE units which is financed by the Central and State Government, (2) Sanction of soft loan assistance to sick MSE units with concessional rate of interest & (3) Benefits and concession offered under Industrial Policies of Government of Odisha in deserving cases.

Any other concessions which the participating Departments, State Government can suitably offer.
