FOREWORD

Every year Micro, Small & Medium Enterprises Development Institute, Cuttack under the Ministry of Micro, Small & Medium Enterprises, Government of India has been undertaking the Industrial Potentiality Survey for districts in the state of Odisha and brings out the Survey Report as per the guidelines issued by the office of Development Commissioner (MSME), Ministry of MSME, Government of India, New Delhi. Under its Annual Action Plan 2017-18, all the districts of Odisha have been taken up for the survey. This Brief Industrial Potentiality Survey Report of **Balasore** district covers various parameters like socio-economic indicators, present industrial structure of the district, and availability of industrial clusters, problems and prospects in the district for industrial development with special emphasis on scope for setting up of potential MSMEs.

The report provides useful information and a detailed idea of the industrial potentialities of the district. I hope this Brief Industrial Potentiality Survey Report would be an effective tool to the existing and prospective entrepreneurs, financial institutions and promotional agencies while planning for development of MSME sector in the district.

I like to place on record my appreciation for Shri B.N.Guru, AD(EI) of this Institute for his concerted efforts to prepare this report for the benefit of entrepreneurs and professionals in the state.

(Dr. S. K. Sahoo)

Deputy Director In Charge

BRIEF INDUSTRIAL PROFILE OF BALASORE DISTRICT

1. General Characteristics of the District:

Balasore district was part of the ancient Kalinga which later became a territory of Toshala or Utkal, till the death of Mukunda Dev. It was annexed by Moghuls in 1568 and remained as a part of their suzerainty up to the middle of eighteenth century, to be precised up to 1750-51. Then the Marahattas occupied this part of Odisha and it became a part of the dominion of the Marahatta Rajas of Nagpur. The East India Company ceded this part through a treaty called treaty of Deogaon in 1803 and it became a part of Bengal Presidency up to 1912. But the first English Settlement came into existence in Balasore region in 1634 while Sahajahan was the emperor at Delhi. The first of English factories was established in this region in 1640. During this period Dutch and Danish settlements were also founded in this region. Balasore as a separate district was created in October, 1828 while it was in the Bengal Presidency. With the creation of Bihar province, Odisha was diverted along with Balasore district from Bengal to Bihar. But with the creation of Odisha as a separate State on 1st April, 1936 Balasore became an integral part of Odisha State. The national movement of independence surged ahead with the visit of Mahatma Gandhi in 1921. Similarly Praja Andolan was initiated against the ruler of Nilagiri State. The state of Nilagiri merged with state of Odisha in January, 1948 and became a part of Balasore district. In 3rd April, 1993 Bhadrak Sub-division became a separate district and from this day Balasore remains a district of Odisha with two Sub-divisions namely Balasore and Nilagiri having 7 Tahasils namely Balasore, Soro, Simulia, Nilagiri, Jaleswar, Basta & Baliapal and 12 Blocks namely Bhograi, Jaleswar, Baliapal, Basta, Balasore, Remuna, Nilagiri, Oupada, Khaira, Soro & Bahanaga. The name of the district is being derived from the name of the town, which is old and important. The name Balasore is recognized from the Persian word BALA-E-SHORE which means "TOWN IN THE SEA". The historical legend ascribes that the district has been named as per the LORD BANESHWAR (LORD SHIVA) of the town, which subsequently changed to Balasore during Mughal Rules.

1.1 Location & Geographical Area:

Balasore is one of the coastal district of Odisha lies on the northern most part of the state having 21⁰ 03' to 21⁰ 59' North latitude and 86⁰ 20' to 87⁰ 29' East

longitude. Geographical Area of the district 3806 Sq. Kms. Midnapore district of West Bengal is in its North, The Bay of Bengal is on the East and Bhadrak district lies on the South whereas Mayurbhanj & Keonjhar district are on its western side.

1.2 Topography:

Balasore district consists of a stripe of alluvial land lying between the sea and hills which rises from western boundary. The stripe varies in breadth from north to south. Along the coastal-belt the land which is impregnated with salt and cyclonic tides are unfit for cultivation. The western portion which runs along the foot of the hills is full of Forest. The lands between these two extreme zones are fertile and arable constitute the greater part of the district. This area is watered ascending from North to South by the river and canal systems like Subarnarekha, Hanspura, Sartha, Pachapura, Budhabalanga, Kansbansa and Salandi Canal etc.

1.3 Availability of Minerals:

Minerals like soft stones, limestone, stone chips are available in the district, which are mainly used in industrial units in the district. The huge deposits of granite stones at Nilgiri provides tremendous scope for development of few more industries based on this resources. Except these, no minerals in large quantity which can be explored for commercial purpose found in the district.

1.4 Forest:

The total forest area in the district is estimated to be 332.21 Sq.kms. An area of 202.69 Sq.km is reserved forest area, which is mainly spread in the Nilgiri Sub-division. The major forest produces of the district are timber, firewood, bamboo and sal seed. Important minor forest produces are Myrabalan, Sunari Barks, Arjuna Barks, Karanja Seeds, Need Seeds and Mahua Seeds, Mahua Flower, Tamarind, Siali Leaves, Sabai Grass, Mushroom, Sal leaves etc. are available in the district.

1.5 Administrative set up:

Baleswar city is the Divisional headquarter of Balasore District. For administrative purpose the district has been divided into 02 Sub Division, 12 Tehsils , 12 CD Blocks, 03 Municipalities and 01 N.A.C. There are 289 Gram Panchayats, 2635 inhabited Villages and 297 uninhabited villages. Also 08 Nos. of Assembly Constituencies falls in the district.

3.6 Major Exportable Item: Automobile Tyre, Tubes & Flaps, Paper, Calcium Silicate, Asbestos, Condoms.

3.7 Growth Trend:

As Balasore is situated in between two major PCPIR hub of India, i.e Haldia and Paradeep, Growth of Industries particularly in Plastic Sector has a tremendous scope to prosper in the coming days. The establishment of APPTC, a unit of CIPET also will supply more numbers of skilled personnel to the industries. The proposed ports at Chudamani and ongoing Dhamra port in the nearby district will act as a boost to the industrialization process of the district. Emami Group also has proposed to set up a Cement unit in the district. So, there exists a very good scope for growth of industries in the district.

3.8 Vendorisation/Ancillarisation of the Industry:

A good number of large & medium scale industries operate in the district providing a very good scope for Ancillarization & Vendorization of industries in the district. Also, MSMEs in the district have the scope for supplying their products to large industries situated in nearby districts. Below table gives a bird's eye view of the Ancillarization & Vendorization picture in the district.
