In this liberalized era, the place or locality is not a rigid criteria for development of ancillary industries. This can be done taking into view the requirement and demand of the mother plants located inside the state. Similarly, as a number of large scale industries are on the pipeline specially on steel, mine and power sector for which MOU has already been signed. There is enough scope for ancillarization in near future. Some of the ancillary unit which can be promoted in the district as reported by DIC, Angul are:
